Suggestions for Use

Set-Up:

- For best use (and to save paper) double side the scavenger hunt

Individual Use:

- Individually, students can get acquainted with the various parts of their textbooks or other non-fiction resources
- With Individual Use: Students are in charge of finding all components by themselves

In Pairs:

- Together, students can get acquainted with various parts of their textbooks or other non-fiction resources
- With Pair Use: Students may have difficulty finding some text features and working with a partner can provide greater success
